

std::exception

```
graph BT; gko::HipError --> gko::Error; gko::Error --> std::exception;
```

The diagram illustrates a vertical inheritance hierarchy. At the top is a box labeled 'std::exception'. A blue arrow points from a box labeled 'gko::Error' below it to 'std::exception'. Another blue arrow points from a box labeled 'gko::HipError' at the bottom to 'gko::Error'. The 'std::exception' box has a light gray background, while the others are white with black borders.

gko::Error

gko::HipError
